Payment terms: The estimated total costs of a project are detailed in a contract agreement. 50% of these costs have to be paid as a deposit prior start of the project. After the deposit is used up we charge on a 2-weekly basis for the labor which is done. The invoice amounts has to be paid net within 7 days.

If a flat rate is in place we request a deposit of 50% of the total amount. Additional 30% of the amount has to be paid when the beta version of the website is completed. The rest amount has to be paid within 7 days after the website is completed and handed over.

Work from contractors (see "Other Service Available" above) will be charged on the same day their bill is received and it has to be paid in full without delay.
